

Angles - Estimating - Reversed

1	Find the angle that is closest to the given number of degrees	A	В	C	2	Find the angle that is closest to the given number of degrees	A	В	С
	75°	D	E			90°	D	E	
3	Find the angle that is closest to the given number of degrees	A	В	C	4	Find the angle that is closest to the given number of degrees	A	В	С
	30°	D				15°	D		
5	Find the angle that is closest to the given number of degrees	A	В	С	6	Find the angle that is closest to the given number of degrees	A /	В	С
	45°	D				60°	D
