

Math worksheet on 'Base 10 Blocks - Counting - Picture to Word, Thousands, Hundreds, and Tens (Level 1)'. Part of a broader unit on 'Base Ten Blocks - Counting Practice'

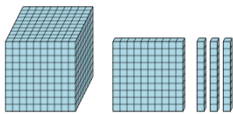

Learn online: app.mobius.academy/math/units/base_ten_blocks_counting_practice/

1 Find the total number of blocks

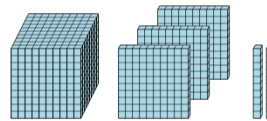

- a two thousand two hundred
- b one thousand three hundred and ten
- c two thousand two hundred and twenty
- d two thousand and fifty
- e three hundred and forty
- f three thousand two hundred and twenty

2 Find the total number of blocks

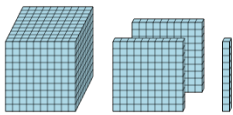

- a one thousand three hundred and forty-five
- b one thousand one hundred and thirty
- c five thousand one hundred and sixty
- d four thousand two hundred and seventy
- e one thousand two hundred
- f four thousand two hundred

3 Find the total number of blocks

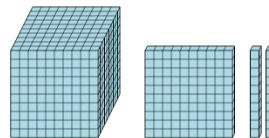

- a one thousand one hundred and sixty
- b one thousand three hundred and twenty
- c three thousand one hundred and sixty
- d one thousand six hundred and thirty
- e four thousand seven hundred
- f one thousand two hundred and thirty

4 Find the total number of blocks

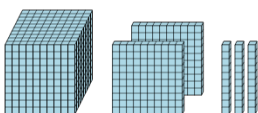

- a three hundred and twelve
- b four thousand
- c three thousand four hundred and ten
- d five hundred
- e one thousand two hundred and ten
- f two thousand one hundred and twenty

5 Find the total number of blocks

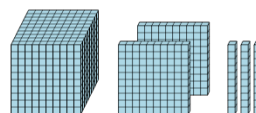

- a three thousand two hundred and fifty
- b one hundred and twenty
- c one thousand one hundred and twenty
- d three thousand one hundred and fifty
- e two hundred
- f two thousand one hundred and ten

6 Find the total number of blocks

- a four thousand and thirty
- b one thousand two hundred and eleven
- c three thousand four hundred and forty
- d one thousand two hundred and thirty
- e two hundred and sixty
- f three thousand five hundred and twenty

7 Find the total number of blocks

- a five thousand two hundred and seventy
- b one thousand and ten
- c one thousand two hundred and thirty
- d three thousand one hundred and one
- e three thousand and fifty
- f three thousand one hundred and thirty
