

Math worksheet on 'Fractions - Equivalent, Find Numerator - 1 digit (Level 2)'. Part of a broader unit on 'Fractions, Equivalent - Intro'

Learn online: app.mobius.academy/math/units/fractions_equivalent_intro/

1 Complete the equivalent fraction by finding the missing numerator

a	b	c
7	5	1
d	e	f
4	2	3

$$\frac{1}{5} = \frac{?}{20}$$

2 Complete the equivalent fraction by finding the missing numerator

a	b	c
0	5	3
d	e	f
8	1	6

$$\frac{1}{2} = \frac{?}{10}$$

3 Complete the equivalent fraction by finding the missing numerator

a	b	c
1	4	2
d	e	f
0	3	6

$$\frac{1}{3} = \frac{?}{12}$$

4 Complete the equivalent fraction by finding the missing numerator

a	b	c
2	5	0
d	e	f
4	8	7

$$\frac{1}{6} = \frac{?}{24}$$

5 Complete the equivalent fraction by finding the missing numerator

a	b	c
7	6	4
d	e	f
8	1	0

$$\frac{1}{2} = \frac{?}{8}$$

6 Complete the equivalent fraction by finding the missing numerator

a	b	c
1	2	0
d	e	f
4	3	8

$$\frac{1}{4} = \frac{?}{16}$$

7 Complete the equivalent fraction by finding the missing numerator

a	b	c
4	9	2
d	e	f
8	3	5

$$\frac{1}{3} = \frac{?}{15}$$
