

Math worksheet on 'Identify Whether Lines are Intersecting, Parallel, or Perpendicular (Level 1)'.
Part of a broader unit on 'Geometry Basics - Practice'

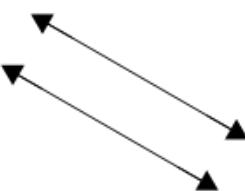

Learn online: app.mobius.academy/math/units/geometry_basics_practice/

2 Identify whether these lines are parallel, perpendicular, or intersecting

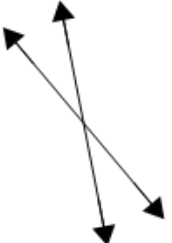

a	intersecting
b	parallel
c	perpendicular

3 Identify whether these lines are parallel, perpendicular, or intersecting

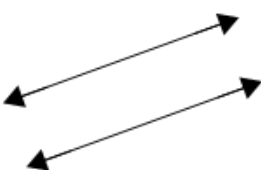

a	perpendicular
b	intersecting
c	parallel

4 Identify whether these lines are parallel, perpendicular, or intersecting

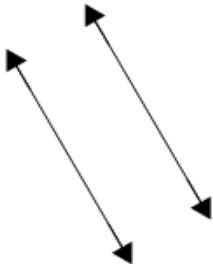

a	perpendicular
b	intersecting
c	parallel

5 Identify whether these lines are parallel, perpendicular, or intersecting

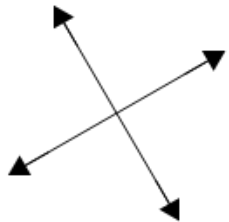

a	perpendicular
b	parallel
c	intersecting

6 Identify whether these lines are parallel, perpendicular, or intersecting

a	intersecting
b	perpendicular
c	parallel

7 Identify whether these lines are parallel, perpendicular, or intersecting

a	perpendicular
b	intersecting
c	parallel
