

Math worksheet on 'Identify Lines, Segments, and Rays - First Time (Level 1)'. Part of a broader unit on 'Geometry Basics - Practice'

Learn online: app.mobius.academy/math/units/geometry_basics_practice/

2

What is the fancy math name for an object that goes between two points?

a	b
Segment	Shortened

4

What is the fancy math name for an object that goes forever in both directions?

a	b
Longitude	Line

6 What is the fancy math name for an object that goes between two points?

a	b
Segment	Skattered
c	d
Sextant	Staggered

1 What is the fancy math name for an object that starts at a point and goes forever in one direction?

a	b
Resting	Ray
c	d
Roving	Rostrum
e	f
Radical	Ramshackle

3 What is the fancy math name for an object that goes forever in both directions?

a	b
Lumbering	Laughing
c	d
Loitered	Longitude
e	f
Lemonaid	Line

5 What is the fancy math name for an object that goes between two points?

a	b
Staggered	Sextant
c	d
Shortened	Sandwich
e	f
Segment	Skattered

7

What is the fancy math name for an object that starts at a point and goes forever in one direction?

a	b
Ray	Resting
