1

What is the most reasonable value for the given measurement?

The temperature on a day when you wear a sweater or light jacket

a

110 °F

b

50 °F

2 What is the most reasonable value for the given measurement?

The temperature that water boils

a

152 °F

b

212 °F

3 What is the most reasonable value for the given measurement?

The temperature that water turns into ice

a

92 °F

b

32 °F

4 What is the most reasonable value for the given measurement?

The temperature of a hot cup of coffee

a

158 °F

b

98 °F

5 What is the most reasonable value for the given measurement?

The temperature on a warm summer day

a

86 °F

b

146 °F

6 What is the most reasonable value for the given measurement?

The temperature of a comfortable room

a

68 °F

b

128 °F

7 What is the most reasonable value for the given measurement?

The temperature of the human body

a

39 °F

b

99 °F
