Math worksheet on 'Measurement Reasonable Value - Temperature (customary) (Level 1)'. Part of a broader unit on 'Measurement - Units Intro - Customary'

Learn online: app.mobius.academy/math/units/measurement unit intro customary/

| <b>1</b> What is the most reasonable value for the given measurement? | The temperature of a comfortable room |
|---|---------------------------------------|
| <b>a</b><br>128 °F  | 68 °F                                 |

| <b>2</b> What is the most reasonable value for the given measurement? | The temperature of a warm bowl of soup |
|---|--|
| <b>a</b> 209 °F   | <b>b</b> 149 °F                        |

| <b>3</b> What is the most reasonable value for the given measurement? | The temperature of a hot cup of coffee |
|---|--|
| 98 °F   | b<br>158 °F                            |

| <b>4</b> What is the most reasonable value for the given measurement? | The temperature of the human body |
|---|-----------------------------------|
| a   | b                                 |
| 99 °F   | 39 °F                             |
|   |                                   |

| <b>5</b> What is the most reasonable value for the given measurement? | The temperature that water turns into ice |
|---|---|
| а   | b   |
|   |   |
| 32 °F   | 92 °F                                     |
|   |   |
|   |   |

| <b>6</b> What is the most reasonable value for the given measurement? | The temperature that water boils |
|---|----------------------------------|
| <b>a</b> 152 °F   | <b>b</b> 212 °F                  |

| <b>7</b> The temperature on a day          | What is the most reasonable value for the given measurement? |                 |  |
|--|--|-----------------|--|
| when you wear a sweater or<br>light jacket | <b>a</b> 50 °F   | <b>b</b> 110 °F |  |
