

Math worksheet on 'Order of Operations - Ordering From Words - With Parentheses (Level 1)'. Part of a broader unit on 'Order of Operations - Practice'

Learn online: app.mobius.academy/math/units/order_of_operations_practice/

1

Which operation should you do first in a math equation?

Brackets or Subtract

a	Subtract
b	Left-To-Right
c	Brackets

2

Which operation should you do first in a math equation?

Divide or Brackets

a	Brackets	b	Left-To-Right
c	Divide		

3

Which operation should you do first in a math equation?

Subtract or Brackets

a	Subtract
b	Brackets
c	Left-To-Right

4

Which operation should you do first in a math equation?

Add or Brackets

a	Brackets	b	Left-To-Right
c	Add		

5

Which operation should you do first in a math equation?

Brackets or Divide

a	Divide	b	Brackets
c	Left-To-Right		

6

Which operation should you do first in a math equation?

Add or Multiply

a	Left-To-Right	b	Multiply
c	Add		

7

Which operation should you do first in a math equation?

Brackets or Add

a	Add	b	Left-To-Right
c	Brackets
