mobius

Math worksheet on *'Probability Union, Intersection, Complement - Description to Name (Level 1)'*. Part of a broader unit on *'Probability - Set Operations - Intro'*

Learn online: app.mobius.academy/math/units/probability_set_operations_intro/

1

Event A not happening

Select the name of the probability operation being described

a	Complement of A
b	A conditional on B
c	A union B
d	A intersect B

2

Both A and B happening

Select the name of the probability operation being described

a	A conditional on B
b	A union B
c	A intersect B
d	Complement of A

3

Either A or B happening

Select the name of the probability operation being described

a	A intersect B
b	A conditional on B
c	A union B
d	Complement of A
