

Math worksheet on 'Probability Union, Intersection, Complement - Name to Set Operation (Level 1)'.
Part of a broader unit on 'Probability - Set Operations - Intro'

Learn online: app.mobius.academy/math/units/probability_set_operations_intro/

1 Select the probability set operation notation		A intersect B
a	b	
$P(A \cap B)$		$P(A \cup B)$

2 Select the probability set operation notation	
Complement of A	
a	b
$P(A')$	$P(A \cap B)$
c	
$P(A B)$	

3 Select the probability set operation notation	a	b
	$P(A B)$	$P(A \cap B)$
	c	
A union B	$P(A \cup B)$
