

Math worksheet on 'Probability Union, Intersection, Complement - Venn Diagram to Name (Level 1)'.
Part of a broader unit on 'Probability - Set Operations - Intro'

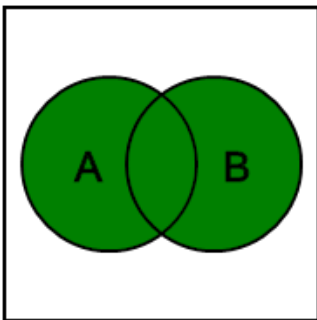

Learn online: app.mobius.academy/math/units/probability_set_operations_intro/

1 What probability set operation does the green area in this Venn diagram represent?

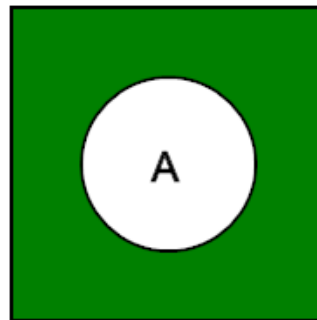

- a** A conditional on B
- b** Complement of A
- c** A intersect B
- d** A union B

2 What probability set operation does the green area in this Venn diagram represent?

- a** Complement of A
- b** A intersect B
- c** A union B
- d** A conditional on B

3 What probability set operation does the green area in this Venn diagram represent?

- a** A intersect B
- b** A conditional on B
- c** Complement of A
- d** A union B
