

Math worksheet on '2D Shapes by Side and Vertex Count (Level 1)'. Part of a broader unit on 'Geometry Basics - Practice'

Learn online: app.mobius.academy/math/units/geometry_basics_practice/

1 Select the shape that is described

4 sides, 4 vertices

a

b

2 Select the shape that is described

5 sides, 5 vertices

a

b

3 Select the shape that is described

8 sides, 8 vertices

a

b

4 Select the shape that is described

6 sides, 6 vertices

a

b

5 Select the shape that is described

3 sides, 3 vertices

a

b
