

Math worksheet on '3D Shapes - Is the Shape a Prism or Pyramid - Reversed (Level 1)'. Part of a broader unit on 'Geometry Basics - Practice'

Learn online: [app.mobius.academy/math/units/geometry\\_basics\\_practice/](http://app.mobius.academy/math/units/geometry_basics_practice/)

**1** Select the shape that is a pyramid

|         |              |              |              |
|---------|--------------|--------------|--------------|
| pyramid | <b>a</b><br> | <b>b</b><br> | <b>c</b><br> |
|         | <b>d</b><br> | <b>e</b><br> | <b>f</b><br> |

**2** Select the shape that is neither a pyramid, nor a prism

|         |              |              |              |
|---------|--------------|--------------|--------------|
| neither | <b>a</b><br> | <b>b</b><br> | <b>c</b><br> |
|         | <b>d</b><br> | <b>e</b><br> | <b>f</b><br> |

**3** Select the shape that is a prism

|       |              |              |              |
|-------|--------------|--------------|--------------|
| prism | <b>a</b><br> | <b>b</b><br> | <b>c</b><br> |
|       | <b>d</b><br> | <b>e</b><br> | <b>f</b><br> |
