

Math worksheet on 'Parts of a Circle - First Time (Level 1)'. Part of a broader unit on 'Geometry Basics - Advanced'

Learn online: app.mobius.academy/math/units/geometry_basics_advanced/

1

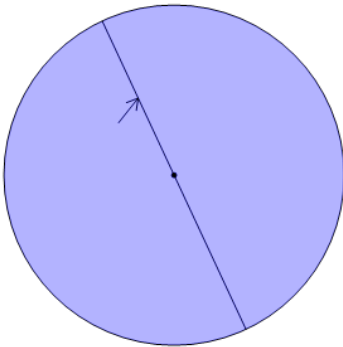

In geometry the outer edge of the circle is called what?

a circumference

b centrifugal

2

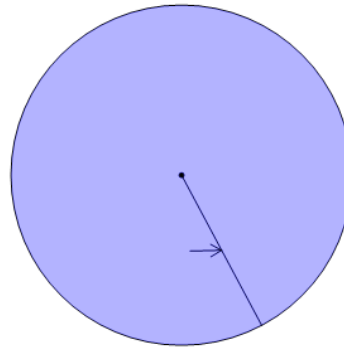

In geometry a line from edge to edge that goes through the center is called what?

a diameter

b doglegged

3

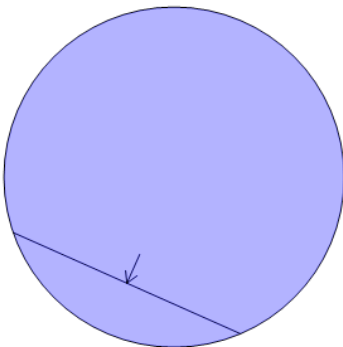

In geometry a line from the center to the edge is called what?

a revelry

b radius

4

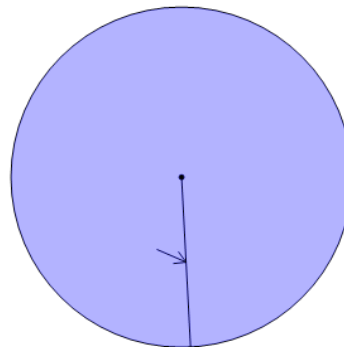

In geometry a line from edge to edge that does not go through the center is called what?

a carotid

b chord

5

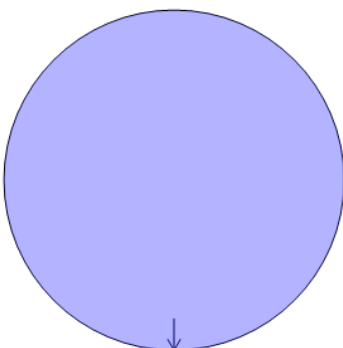

In geometry a line from the center to the edge is called what?

a rheumatoid

b radius

6

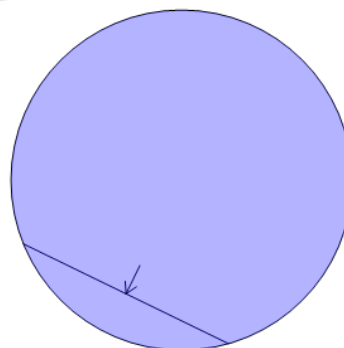

In geometry the outer edge of the circle is called what?

a circumference

b celestial

7

In geometry a line from edge to edge that does not go through the center is called what?

a cantilevered

b chord
