

Math worksheet on 'Parts of a Circle (Level 1)'. Part of a broader unit on 'Geometry - Circle Area - Intro'

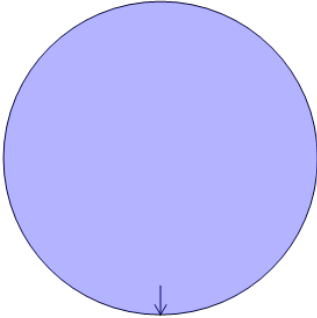

Learn online: [app.mobius.academy/math/units/geometry\\_circles\\_area\\_intro/](http://app.mobius.academy/math/units/geometry_circles_area_intro/)

**1** Name the part of the circle identified by the arrow

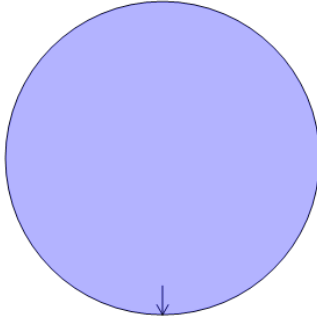

<b>a</b>	chord
<b>b</b>	sector
<b>c</b>	circumference
<b>d</b>	radius
<b>e</b>	tangent
<b>f</b>	center

**2** Name the part of the circle identified by the arrow

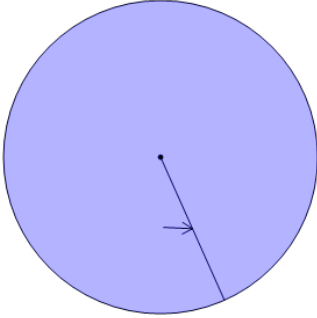

<b>a</b>	center
<b>b</b>	tangent
<b>c</b>	radius
<b>d</b>	circumference
<b>e</b>	sector
<b>f</b>	chord

**3** Name the part of the circle identified by the arrow

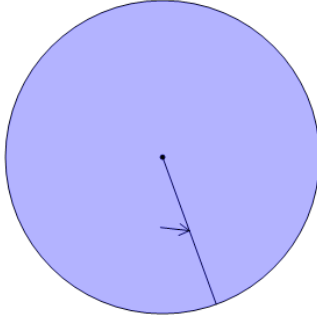

<b>a</b>	center
<b>b</b>	diameter
<b>c</b>	radius
<b>d</b>	segment
<b>e</b>	arc
<b>f</b>	circumference

**4** Name the part of the circle identified by the arrow

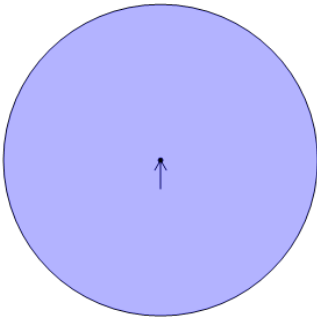

<b>a</b>	chord	<b>b</b>	radius
<b>c</b>	sector	<b>d</b>	tangent
<b>e</b>	arc	<b>f</b>	segment

**5** Name the part of the circle identified by the arrow

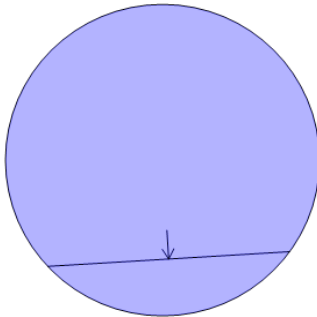

<b>a</b>	segment
<b>b</b>	center
<b>c</b>	circumference
<b>d</b>	radius
<b>e</b>	tangent
<b>f</b>	chord

**6** Name the part of the circle identified by the arrow

<b>a</b>	center
<b>b</b>	radius
<b>c</b>	circumference
<b>d</b>	sector
<b>e</b>	tangent
<b>f</b>	arc

**7** Name the part of the circle identified by the arrow

<b>a</b>	chord
<b>b</b>	radius
<b>c</b>	segment
<b>d</b>	center
<b>e</b>	circumference
<b>f</b>	tangent
