

## **Slope - Find Equivalent - Standard Form** to **Graph**

1

What graphed line shows this standard form line equation?

$$3x + 3y = 9$$

2

What graphed line shows this standard form line equation?

$$-0.25x + 1y = 1$$

Α

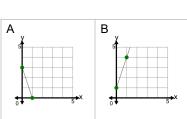

В

3

What graphed line shows this standard form line equation?

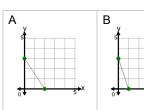

$$-6x + 2y = 2$$

4

What graphed line shows this standard form line equation?

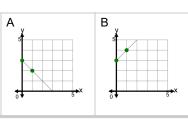

$$6x + 2y = 6$$

5

What graphed line shows this standard form line equation?

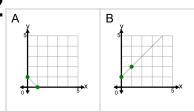

$$-2x + 2y = 6$$

6

What graphed line shows this standard form line equation?

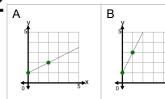

$$2x + 2y = 2$$

7

What graphed line shows this standard form line equation?

$$-4x+2y=2_{\scriptscriptstyle{\overline{\mathsf{A}}}}$$

8

1x + 3y = 7
