

Math worksheet on 'Speed - Variable Manipulation - With Hint (Level 1)'. Part of a broader unit on 'Speed, Distance, and Time - Practice'

Learn online: app.mobius.academy/math/units/speed_distance_time_practice/

1 Given that speed is distance over time, what is time? $s = \frac{d}{t}$ $t = ?$	a $\frac{d}{s}$	b $\frac{s}{d}$	c $d \cdot s$

2 Given that distance is speed multiplied by time, what is speed? $d = s \cdot t$ $s = ?$	a $d \cdot t$	b $\frac{d}{t}$	c $\frac{t}{d}$

3 Given that speed is distance over time, what is distance? $s = \frac{d}{t}$ $d = ?$	a $t \cdot s$	b $2s \cdot t$	c $\frac{t}{s}$
	d $\frac{s}{t}$
