1 Find the closest perfect square above the given number

a	b	c
34	38	42
d	e	f
40	36	54

$32 < \bigcirc$

2 Find the closest perfect square above the given number

a	b	c
20	8	4
d	e	f
22	9	16

$3 < \bigcirc$

3 Find the closest perfect square above the given number

a	b	c
55	49	41
d	e	f
47	53	51

$40 < \bigcirc$

4 Find the closest perfect square above the given number

a	b	c
93	100	97
d	e	f
73	81	87

$69 < \bigcirc$

5 Find the closest perfect square above the given number

a	b	c
80	82	56
d	e	f
64	74	81

$54 < \bigcirc$

6 Find the closest perfect square above the given number

a	b	c
42	38	50
d	e	f
36	34	49

$31 < \bigcirc$

7 Find the closest perfect square above the given number

a	b	c
12	20	34
d	e	f
16	18	32

$11 < \bigcirc$
