

Statistics - Mean with Value Missing

1	What is the missing number that results in these numbers having the given mean 5, ?, 10 mean = 5							What is the missing number that results in these numbers having the given mean ?, 4, 2 mean = 5					
Α		В	С	D	E	F	А	В	С	D	E	F	
	4	5	3	2	0	1	11	9	13	8	14	12	
3	What is the missing number that results in these numbers having the given mean ?, 8, 2 mean = 5							What is the missing number that results in these numbers having the given mean 7, ?, 7 mean = 5					
Α		В	С	D	E	F	A	В	С	D	E	F	
	7	5	9	8	3	4	4	0	1	3	2	5	
What is the missing number that results in these numbers having the given mean ?, 3, 6							What is the missing number that results in these numbers having the given mean 9, 4, ?						
	mean = 5							mean = 5					
Α		В	С	D	E	F	А	В	С	D	E	F	
	3	8	2	6	11	10	5	2	3	4	7	0	
7	results in these numbers having the given mean 0, 0, ?							What is the missing number that results in these numbers having the given mean ?, 7, 7					
	mean = 5							mean = 5					
A	13	15	16	10	18	12	A 6	В 3	C 1	0	4	2
