Math worksheet on *'Statistics - Mean/Median/Mode/Range - Approach to Name (Level 1)'*. Part of a broader unit on *'Probability and Statistics - Mean, Median, and Mode - Intro'*

Learn online:

app.mobius.academy/math/units/probability_and_statistics_mean_median_mode_intr

1

Find the measurement that this approach would calculate

Subtract the smallest number from the biggest number

a	Mean	**b**	Median
c	Mode	**d**	Range

2

Find the measurement that this approach would calculate

Count how many of each number there are and choose the one that is most common

a	Mode	**b**	Mean
c	Median	**d**	Range

3

Find the measurement that this approach would calculate

Put the numbers in order and choose the middle one

a	Range	**b**	Mean
c	Mode	**d**	Median

4

Find the measurement that this approach would calculate

Add up all the numbers and divide by how many numbers there are

a	Mean	**b**	Range
c	Mode	**d**	Median
