1

Find the measurement that this definition describes

The middle number of a set of numbers when ranked in order

a	Mode	b	Mean
c	Median	d	Range

2

Find the measurement that this definition describes

The distance between the highest and lowest of a set of numbers

a	Mean	b	Median
c	Range	d	Mode

3

Find the measurement that this definition describes

The average of a set of numbers

a	Range	b	Mean
c	Median	d	Mode

4

Find the measurement that this definition describes

The most commonly occurring number in a set of numbers

a	Mean	b	Mode
c	Median	d	Range
