1

Choose the type of triangle based on its description

One angle equal to 90°

- | | |
|----------|-----------------|
| a | obtuse triangle |
| b | right triangle |
| c | acute triangle |

2

Choose the type of triangle based on its description

One angle is more than 90°

- | | | | |
|----------|----------------|----------|-----------------|
| a | acute triangle | b | obtuse triangle |
| c | right triangle | | |
| | | | |

3

Choose the type of triangle based on its description

All angles are less than 90°

- | | | | |
|----------|-----------------|----------|----------------|
| a | obtuse triangle | b | acute triangle |
| c | right triangle | | |
| | | | |
