**1** Choose the image of the type of triangle based on its name:

Right = one right angle  
right triangle

**2** Choose the image of the type of triangle based on its name:

Acute = all angles less than  $90^\circ$   
acute triangle

**3** Choose the image of the type of triangle based on its name:

Obtuse = one angle more than  $90^\circ$   
obtuse triangle
