

Math worksheet on 'Volume of a Hexagonal Prism - Calculate from Base Area (Level 1)'. Part of a broader unit on 'Geometry - Volume Logic with 3D Shapes - Intro'

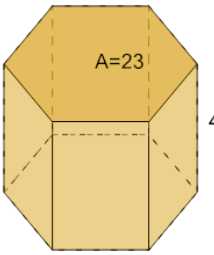

Learn online: app.mobius.academy/math/units/geometry_volume_logic_intro/

1 What is the volume of this Hexagonal Prism?

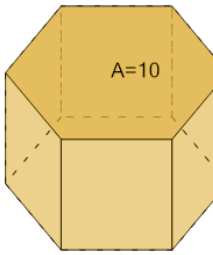

a	b	c
51	48	39
d	e	f
30	15	21

2 What is the volume of this Hexagonal Prism?

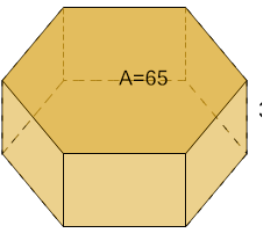

a	b	c
155	128	29
d	e	f
92	119	164

3 What is the volume of this Hexagonal Prism?

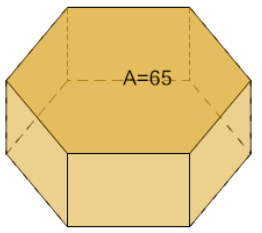

a	b	c
22	6	16
d	e	f
28	32	20

4 What is the volume of this Hexagonal Prism?

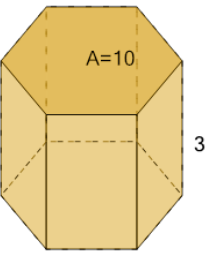

a	b	c
195	347	271
d	e	f
290	366	214

5 What is the volume of this Hexagonal Prism?

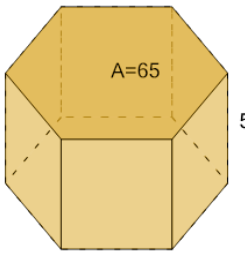

a	b	c
176	328	309
d	e	f
157	195	214

6 What is the volume of this Hexagonal Prism?

a	b	c
6	48	15
d	e	f
24	30	45

7 What is the volume of this Hexagonal Prism?

a	b	c
293	389	325
d	e	f
229	69	517
